Beacon Awards

2019/2020

The Beacon Awards are presented to students who have shown balance of character as defined by courtesy, self-control, punctuality, class decorum, perseverance, respect for authority, a servant's heart, and growth in these areas. Two students from each grade are recognized.

Beacon award recipients are living examples who represent our school verse.

In the same way, let your light shine before others, so that they may see your good works and give glory to your Father who is in heaven. - Matthew 5:16
